This sounds great to me and I have no concerns. Happy to help with this. Kerry, is there standard language for something like this that EPA uses?

Hi Kerry and Ashley,

I was going to bring this up at our meeting today, but I spoke with state mail about sending out a notification flyer/letter to the residents around BD medical regarding the upcoming public meeting. EEP should be able to cover the costs associated with that. We would just need some help and input in drafting the notice. Please let me know what you think and if you would like us to move forward with this.

Thanks!

Alejandra
